

All I Care To Sing About Is Jesus

**All I Care To Sing About Is Jesus
He's all I'll ever need in a song
The music and the words I write
Will bring glory to His Name
And I'll sing His praises
Till this life is o'er**

**Since I came to know my loving Saviour
All my thoughts seem focused on the Lord
He floods my very soul within
And gives me words to rhyme
Another song is written
With the help from God**

**All I Care To Sing About Is Jesus
He's all I'll ever need in a song
The music and the words I write
Will bring glory to His Name
And I'll sing His praises
Till this life is o'er**

All I Care To Sing About Is Jesus

**What a joy He gives to this songwriter
Knowing that He wants to work thru me
As I begin to write a song
I just pray and seek His help
No sooner said it's done
A new Gospel song is born**

**All I Care To Sing About Is Jesus
He's all I'll ever need in a song
The music and the words I write
Will bring glory to His Name
And I'll sing His praises
Till this life is o'er**

**And I'll sing His praises
Till this life is o'er**
